Roland, you said I'm doing work a free tool could do. Like what? 🤔

Five jobs most small businesses still do **by hand.**

Each one takes an afternoon to set up. All free to start.

1. Bookings 📅

Stop the "what time works for you?" back-and-forth.

Google Calendar booking page (free with a Google account) or **Calendly free** (1 event type). Send **one link.**

2. The same WhatsApp answers 💬

WhatsApp Business → **Business tools**: greeting message, away message, **quick replies.**

Type /price and your price list appears.

3. Invoices and chasing payment 🧾

Zoho Invoice has a free plan with **recurring invoices and automatic payment reminders.**

No more awkward "just following up" messages.

4. Orders and sign-ups 📝

A **Google Form** drops every order straight into a **Google Sheet.**

5. Social posts 📲 Schedule the whole week of Facebook and Instagram posts in **Meta Business Suite**, free.

What's the catch?

Free plans have limits: Calendly free has no reminder emails, and most tools cap users.

And don't automate a mess. **Fix the process first**, then hand it off.
